

OC 3.0.2 Performance issues

Posted by Kadir ÖZEN - 29 Jan 2020 21:14

hi,

I have installed SO Furnicom theme on OC 3.0.2 with some extensions. I have 6000 products approximately. Any of the page load very slow. When i measure the speed via google page speed aka lighthouse it is score is too low. Also visitors annoying about speed issues. What can i do about this can you give me some advice.

Store address : www.uyart.com/

Thanks.
